

The Flexible Spending Account App that's made for mobile but *designed* for you.

Want to check your flexible spending account balances and submit receipts anywhere, anytime? There's an app for that!

This application enables you to easily and securely access your flexible spending account(s). You can view account balances and detail, submit flexible spending account claims, and capture and upload pictures of your receipts anytime, anywhere on any iPhone, Android or tablet device. You can also sign up to receive account alerts via text message.

But wait, there's more to it...

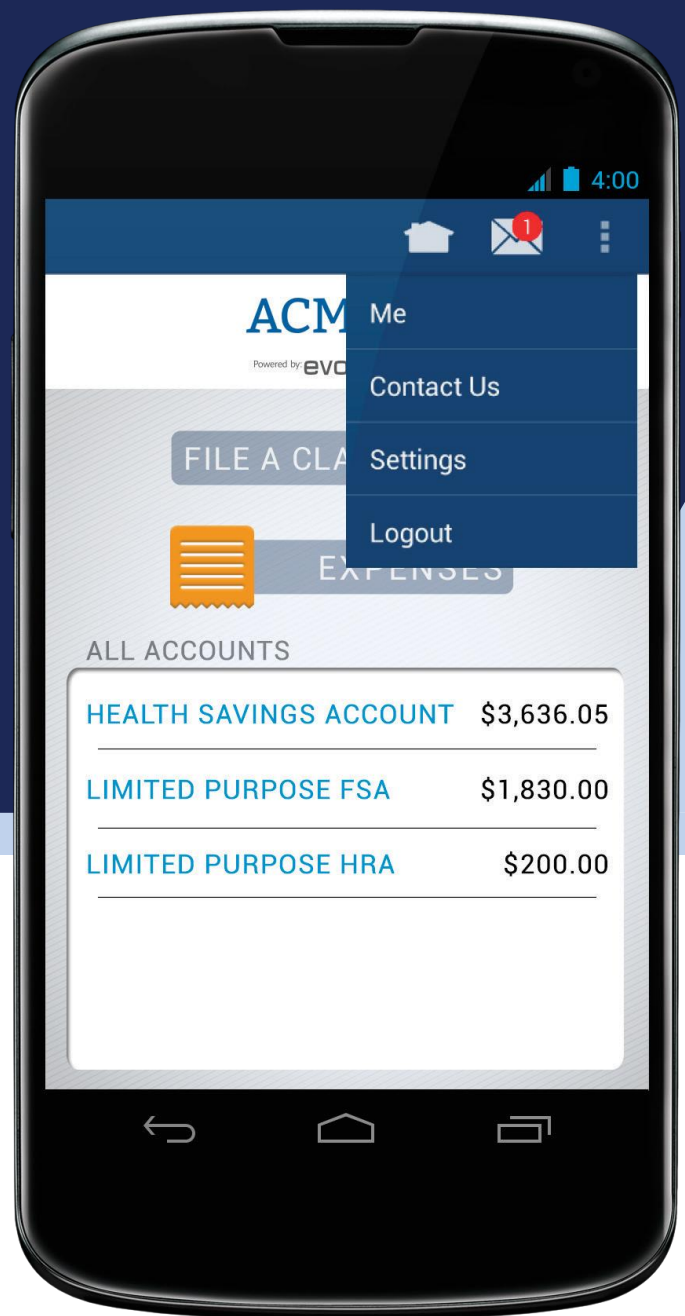

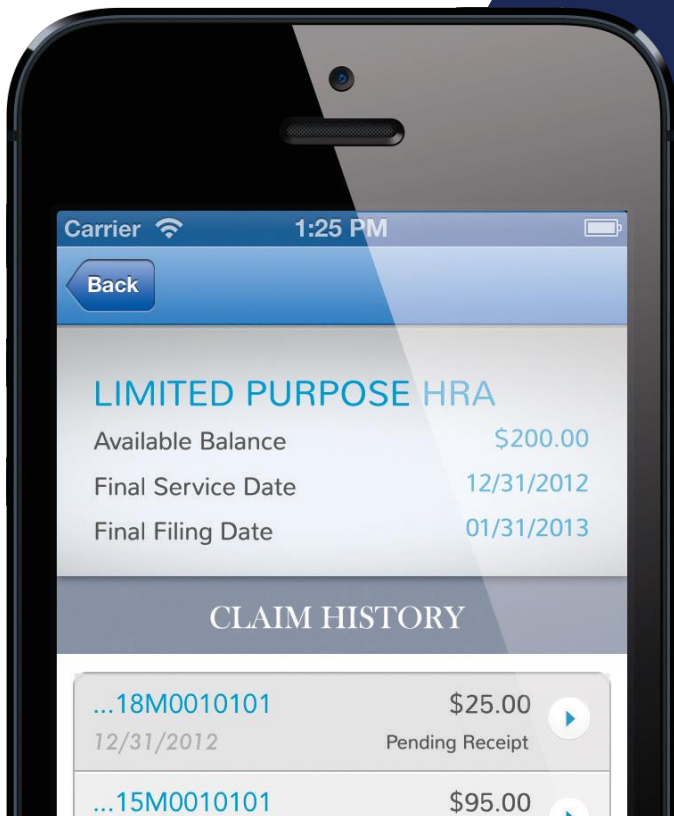

It takes a special understanding of use and purpose to design a mobile app for handheld devices like smartphones and tablets. So we've focused on just that— smart, purposeful design. And the result? A simple, intuitive experience for you. This means things like “easy-in/easy-out access” to common tasks like

capturing receipts and viewing balances; and pictures and words where pictures and words make sense. Try it and you'll see how we're simplifying the business of healthcare.

The newest mobile app provides time-saving options for you to:

- Check current flexible spending account balances
- View account activity and receive alerts via text message
- View transaction details
- File new claims with receipt images
- Review expense information
- Enter a new expense
- Submit claims and upload receipts using the mobile device's camera
- Manage expense receipts
- Promptly file claims for their reimbursement accounts

The app provides you with seamless account access since it is an extension of the flexible spending account portal – and doesn't require you to setup any additional credentials. Now by using your smartphone you can assess your flexible account balances, and you'll know how much money you have available to spend on qualified expenses at the time of purchase.

Intuitive. Simple. Convenient. The Mobile App takes the hassle out of managing your consumer-driven healthcare accounts. Self-service functions put you in control.

Conveniently manage your flexible spending account information when you want, from wherever you want. Whether on your couch or at the store, the App for iPhone® or Android™ smartphones makes it easy to manage your flexible spending accounts on the go.

We work hard every day to help you get the most benefit from your Flexible Spending Accounts.

Get started in Minutes
